David also coordinates a world wide meditation group know as the Group of Forty which has over 1200 members. David works with spiritual masters, such as Sananda, Vywamus, the Arcturians, the healing energies of the Archangels and a fifth dimensional Native American guide known as Chief White Eagle . He has published numerous metaphysical articles from these masters. This workshop will be an opportunity to explore the concept of self and any blocks within the self that prevents spiritual development . We will be doing specific exercises and ceremonies to clear ourselves of any blocks in our path for self-development. There will be opportunities to release old concepts of self and even past life blocks to your self. Special ceremonies for this releasing will be offered. This workshop will help participants bring their lives more into spiritual harmony and flow. There will be time for personal healing in a supportive, intimate environment. We will use the talking circle, as well as sacred toning, to connect with spirit guides. We will be working with Chief White Eagle, an ascended Native teacher and Vywamus, a psycho-spiritual ascended master. Because of the personal nature and intensity of the work, registration will be limited to **14** persons
